

CHALK TALK

Carin Gasca, Principal • Joni Wong, Assistant Principal

Principal's Message

Happy New Year to all Repetto families! It is my sincerest hope and desire that 2018 will bring you health, peace and prosperity.

As the first half of the year is coming to an end, the interim assessment has been completed. Since most assessments are now administered online, it would greatly benefit your child to practice keyboarding skills at home. Please check out the various helpful keyboarding and test-taking links available on our school website (repettok8.net). The more practice your child gets, the less difficulty he/she will encounter with online assessments, including SBAC in the spring.

I would like to take this opportunity to thank our Repetto School community for taking an active part in our students' education. Our combined efforts will continue to allow students to maximize their potential. Our teachers work diligently with students in the classroom; support staff collaborate with teachers to provide additional services based on student needs; office staff provide students and parents with resources and assistance; the health office facilitates accommodations for students with special health conditions; the cafeteria prepares meals to ensure healthy eating; yard supervisors keep our students safe; the custodians keep our campus clean and in good working condition; and parents provide continued support at home. School success is definitely a team effort!

Students need to do their part as well, which is to continue to take responsibility for their own education so they will be life-long learners. Thank you everyone for doing your part to keep Repetto School great!

- **Safe Driving:** At Repetto, our first and foremost goal is to keep all our students, staff and families safe. We understand that parking is at a premium and that all of our families face the same situation. We ask everyone to be patient and courteous. Please obey traffic laws and do not make illegal U-turns, park in red zones, double park your car or block the crosswalks or neighbors' driveways. Please remind your child to never cross the street without using the crosswalk.
